

## Press Release

### Visegrad Folk Dance Gala in Kapuvár

Visegrad Folk Dance Gala will be held in Kapuvár on 25<sup>th</sup> July. The dance groups of the Polish, Czech and Slovakian partner towns of the Rábaköz town will present themselves. Kapuvár has organized the colourful traditional bustle with the help of the International Visegrad Fund.

In addition to the Kapuvár Folk Dance Group, Dance Groups from Jeseník Czech Republic, Debica Poland and Nagymegyér Slovakia will perform at MEDOSZ Sports Ground from 4 p.m. on Saturday. After the performances Dance House will be held.

Kapuvár works together with the Polish partner town Debica in the Association of Open European Towns, they perform at each other's cultural events and take part in tourist fairs and exhibitions where one of the towns shows their industrial-economic and/or touristic offers.

With Nagymegyér beyond the cultural relations there is economic cooperation: the two settlements have developed their industrial parks together, an industrial incubator house has been built in Kapuvár and it cost 130 million HUF. Its utilization has been 100 per cent since its opening and in Nagymegyér an old industrial building has been converted into a service industry house with the support of the joint application.

Jeseník is Kapuvár's latest partner relation and the two spa towns found each other with the contribution of the Czech Embassy some years ago. The two tourist attractive towns have alive cultural relations, their artistic groups take part in their cultural events several times yearly.

Obviously the created confidence can be used to expand our cooperation in the field of our medical tourism investments and our marketing in the future.

Thanks to the International Visegrad Fund for their support and contribution to the implementation of the programme.

The programmes are free of charge.
